Total			\$ 4,387 54

Respectfully submitted,

JOZEF P. GAWET,
Overseer.

Report of Road Commissioner

Owing to the fact the State taking over our Trunk line roads has saved the Town considerable money the past year. Our three roads usually Tarvia treated has been reduced to one.

The East Proctor road was surface treated the past year at a cost of \$684.61. The State paid \$456.43 with a difference of \$154.63 less than last year.

The State 5% fund of \$340.75 was expended on the Chittenden road, 570 ft. of coarse gravel base covered with fine gravel, ditched and graded.

Special Maintenance Fund of \$1,037.86 was used on Grove Street road detour together with \$452.00 unselected, Highway money. This road is in No. 1 shape the entire length, being widened, shaped and graveled.

The remainder of the unselected Highway fund of \$462.40 was used to fill and grade 650 ft. on the Post Road. Total of job, \$698.47.

On the Cold River Road we stone based a low muddy place and graveled several others at a cost of \$467.90. Other roads that graveling was done on are the Gleason Road and Killington Avenue, Post Road and West Proctor Road, Quarterline and Fire Clay.

I here have drawn orders to the amount of \$7,035.89, as follows:

Date No.
Feb.

14	128	Harry Peryer, 1 day, 7 hrs. labor, shoveling snow	\$ 6 23
16	129	B. Hurley, 1 day, 8 hrs. labor, snow	6 61
16	130	J. Hurley, 1 day, 8 hrs. labor, snow	6 61

Respectfully submitted,

FRED S. HAWLEY,
Road Commissioner.

To the Board of School Directors and Citizens of the Town of Rutland

I submit the annual report of the schools of the town of Rutland. I shall begin my report with statistics taken from the state report of last June and from the records of the fall term.

During the year 1930-31 we had two hundred seventy-two pupils enrolled in all of the schools of the town, one hundred forty-four at the Center building and one hundred twenty-eight in the five rural schools. The total enrollment was slightly larger than that of the preceding year. This fall we enrolled two hundred sixty-two pupils in all of our schools. This enrollment was divided as follows; Center Rutland school, grades 1-2, twenty-four; grades 3-4, thirty-three; grades 5-6, forty-three, and grades 7-8 thirty-four. Rural schools—Cheney Hill, twenty-eight; Dyer, twenty-seven; Haiti, nineteen; Mill Village, thirty-one, and Post, twenty-three. We also have five elementary pupils for whom we pay tuition in Mendon and Rutland.

At the time school closed in June we enrolled two hundred thirty-five pupils. They were divided according to grades with promotions and failures as follows:

Grade 1 .. Enrollment 27 .. Promotions 24 .. Failures 3
Grade 2 .. Enrollment 28 .. Promotions 26 .. Failures 2
Grade 3 .. Enrollment 27 .. Promotions 27 .. Failures 0
Grade 4 .. Enrollment 34 .. Promotions 31 .. Failures 3
Grade 5 .. Enrollment 25 .. Promotions 24 .. Failures 1
Grade 6 .. Enrollment 37 .. Promotions 36 .. Failures 1
Grade 7 .. Enrollment 28 .. Promotions 27 .. Failures 1
Grade 8 .. Enrollment 29 .. Promotions 28 .. Failures 1
Totals Enrollment 235 Promotions 223 Failures 12

Of the twenty-eight pupils who left the eighth grades in June, twenty-two are attending the Rutland High school or Mt. St. Joseph Academy, two have moved out of town and four are worknig or are at home.

Last June we had seventy-one secondary schools pupils in high schools and academies of this or other states. At present we have the following enrollments, Rutland High School, fifty-five; Mt. St. Joseph's Academy, eighteen; Immaculate Conception Academy, Lodi, N. J., four, and West Rutland High School, two. Our numbers of high school pupils have been steadily increasing. Looking thru past records I find that ten years ago in 1921 we had forty-three high school pupils; 1922, forty-two; 1923, forty-two; 1924, forty; 1925, forty-five; 1926, forty-eight; 1927, fifty-three; 1928, fifty-eight; 1929, sixty-two; 1930, sixty three; 1931, seventy-one; January, 1932, seventy-nine. In 1921, the total amount of tuition spent for these pupils was \$2,268.00, last year the total was \$6709.94. This one item of expenditure has more than doubled itself in ten years.

This year we have twenty-six eighth grade pupils. These students plus those coming from the Polish parochial school at West Rutland will probably bring our number of Freshmen up to about the same as this year.

During the school year, September 1930 to June 1931, we spent \$966.00 for transportation of eighteen elementary pupils. Twelve were brought to Center Rutland and six to the Cheney Hill and Post schools. At present we are transporting eleven children to the Center Rutland school and nine to the Post school.

Our school attendance continues to be excellent. With a very few exceptions parents are cooperating in every way to help the schools in their efforts to improve attendance. Last year the percent of attendance for the town was 97.8. This fall term our percent for the whole town was again 97.8. One hundred twenty-eight pupils had perfect attendance records. This number represents almost one-half of the two hundred sixty-two pupils registered. Ten years ago in 1921-22 the percent for the year was 90.4. Records show a gradual upward trend in percentages. This means that taxpayers are receiving better returns for money spent on schools. Instructional and maintenance service cost no more for a class

room of forty pupils than for one of twenty.

This summer the school board followed an economy program and did repairing only where absolutely necessary. The interior of the Cheney Hill school was repainted and new chemical toilets installed at the Dyer school. Both of these pieces of work had been badly needed for some time.

Various articles of equipment have been added to the schools at different times through the efforts of the Parent-Teacher Associations. The Cheney Hill Association recently presented the school with a piano. We now have pianos at the Center Rutland, Dyer and Cheney Hill schools, also a radio at the Dyer school. This equipment adds much to the work in music and music appreciation that can be done in the schools.

During the past eight years we have made a number of necessary changes in text books, methods, etc. Practically all of our text books and equipment is up to date and enables the teachers to follow closely the new state outlines of study. During the past ten years the school year was lengthened to thirty-eight weeks. A longer school year naturally gives children a better chance to compete with those from larger school systems.

The conditions of life have changed so rapidly during the past generation that it is necessary for schools to modify their program of instruction. If the schools are to educate for life they must change in order to meet the demands of modern life. In the modern school we not only teach the proverbial "Three R's", but time must be given to health education, character education and citizenship.

Judging education from the view point that the child is being prepared to meet life, I believe that the tool subjects are being taught more effectively than ever before. We do not expect children to spell all of the words in the dictionary or do the Arithmetic puzzles of a generation ago, but we do expect them to know the common words of everyday life and the fundamental processes that are used in ordinary business transactions.

Great improvement has been made in handwriting in the Primary grades. The system we now use takes into consideration the inability of the little child to use small muscles. We are using a large size writing but are getting excellent letter formation. We confidently hope that in a few years there will be a marked improvement in the handwriting of our children.

During this period of economic depression the expenditure of public funds is of interest to taxpayers. The school directors have I believe, made every effort to make a wise expenditure of funds intrusted to them. Our state report of last June shows the amount of \$22,441.55 spent from July 1, 1930 to July 1, 1931. In order to find what was spent on the support and maintenance of our own elementary schools, I have deducted the high school tuition of \$6,709.94 from the whole amount. Since we do not maintain teachers or buildings for these pupils we treat what was spent for high school tuition as separate item.

The following table gives the amount spent, per pupil, for our elementary pupils for the school year ending July 1, 1931. These figures are based on the average daily attendance in all of our schools for the year.

Instructional Service (includes Teachers' and Superintendent's salaries)	\$48 57
Free Text Books and Supplies	2 10
Maintenance Service (includes all other items.....	18 71
Water, lights, fuel, janitors, transportation, elementary tuition, repairs, insurance, school directors' services, miscellaneous item.)	
Total	\$69 38
Average amount expended per pupil for 71 high school students 1930-31	\$94 38

The amounts we spend on our elementary pupils compare very favorably with those of nearby towns and cities. In most instances our amounts are lower.

We had but one vacancy last June, created by the resignation of Miss Marie Reilly of the Center Rutland School. Miss Bertha Morehouse of the Mill Village school was transferred to Center Rutland and Miss Ethel M. Eddy of the town was engaged to teach the school at Mill Village. Miss Eddy is a graduate of the two year course at Castleton Normal school and has had two years of experience at the Meadow Brook school in Castleton.

In the present trying crisis every community which believes in the present and is interested in the future, believes in progress, not poverty. They are constructive—not destructive. They are not encouraging poverty, but are affording an opportunity to avoid it. Economy is primarily the elimination of waste. It is placing the dollar where it will bring the safest, best and most lasting returns. School districts in progressive parts of the country may spend more of that dollar than others, but each community has the satisfaction of knowing that it is getting more for it.

It is getting returns that produce a more progressive community—a better place to live—better social intercourse—more wholesome environment—greater respect for law and order—more cultural advantages — more contentment and happiness—a greater hope and a more cheerful optimism. To measure the worth of these by-products, remove the influence of the school and church and see the social order disintegrate, the law abiding become lawless, the hope become despair, the optimism become pessimism, growth and progress change to decay, business, industry and professions become stagnate and prosperity reduced to rust and ruin.

The by-products from our investments in education assume a new importance, by-products that are gaining an increasing appreciation by school officials, citizens and taxpayers.

Respectfully submitted,

MARGARET C. McCORMACK,

February 1, 1932.

Superintendent.

Orders Drawn by School Commissioner's

Feb. 1, 1931 to Feb. 1, 1932

ELEANOR T. MAUGHAN,
Treasurer.

Auditor's Report

We have examined the accounts of the town and find them correct and in a neat and orderly manner. We are glad to note that a considerable saving has been made in the administration of the town's business and the debt has been reduced \$3,242.99.

G. A. DAVIS,
E. J. FOX,
S. P. STOCKWELL,
Auditors.

Health Officer's Report

For the Year 1931.

To the Citizens of the Town of Rutland:

I placarded the residences of Henry Lester, Scarlet Fever; John Babbitt, Whooping Cough; Mr. Edward Monahan, Whooping Cough; Mr. J. H. Wheeler, Whooping Cough; Mr. W. E. Patch, Whooping Cough; Mr. B. Wilkinson, Whooping Cough; Mr. Irvin Eddy, Whooping Cough; Mr. Atwood, Whooping Cough; Mr. W. A. Skiffington, Whooping Cough; Mr. George Wood, Whooping Cough. I also buried a dog that was shot and left beside the road.

Respectfully submitted,

ARNOLD W. ROWE,
Health Officer.

NOTICE

The legal voters of the Town of Rutland are hereby warned to meet at the Town Hall at Center Rutland on Tuesday, March 1, 1932 at 10 o'clock A. M., to act on the following matters, namely:

1. To see if the Town will empower and authorize Selectmen to appoint one or two Road Commissioners.

2. To choose all necessary officers required by law.

3. To see if the Town will vote to raise money by tax or otherwise to pay current expenses and indebtedness of the Town and State, School, Highway and County taxes.

4. To see what time the several taxes shall be due and payable.

5. To see what compensation the Town will vote for Town Officers.

6. To see if the Town will appropriate a sum of money to secure the use of the Rutland Free Library to the inhabitants of the Town, and if so, how much.

7. To see what provisions the Town will make for the higher education of the scholars of the Town.

8. To see if the Town will authorize the Selectmen to borrow money for the temporary use of the Town.

9. To transact any other necessary, legal and proper business.

H. W. ROSS,

O. A. THOMAS,

Selectmen.

Rutland, Vt., Feb. 10, 1932.
